Simonds Catholic College is a secondary Catholic school for boys. We operate across two inner city campuses in West Melbourne and Fitzroy North. With approximately 500 students, our size allows us to limit the number of students in each classroom, whilst still being able to offer a broad curriculum. Supported by modern technology, our junior students have an opportunity to explore their interests across academic, cultural, religious, sporting and technological dimensions, while VCE, VCAL and VET pathways are available to our senior students. At Simonds Catholic College we realise that each student is unique and their different needs and talents are nurtured through both support and extension programs. The combination of these factors means that our students are provided with an exceptional learning environment where each student is known, supported and inspired.

**St Mary’s Campus**

The West Melbourne campus caters for Years 7 to 10 and is built around St Mary Star of the Sea Church. The main entrance/office is located at the corner of Victoria Street and Chetwynd Street.

Address: 273 Victoria St, West Melbourne
Telephone: 9321 9200

Years 11 and 12 students are based at our St Brigid’s Campus, located at 20 York Street, Fitzroy North
