Notice Board

Student Health

At St Augustine’s our hope is that children enjoy good health all the time, but we know that for some this is not a reality. We have procedures and policies in place to best ensure the health and safety of all members of our community. These can be found on our website under the Student Wellbeing tab.

Please note that when a child is required to be given medication at school, a Medications Request Form must accompany the medication for a staff member to be able to administer it to a child.

Asthma Action Plan proformers as well as Anaphylaxis Management plans are also found on our website under the Student Wellbeing tab.
